The TOL Explosion – Tuhoe.com wires into Taneatua

Tuhoe.com continues to expand and the wireless broadband provider now takes in Taneatua.

Information technology manager for Tuhoe.com, Riaka Hiakita said the goal is:

“To offer wireless broadband to Te Rohe Potae o Tuhoe tribal area.”

The iwi internet company was set up by the Tuhoe Education Authority (TEA) and is part of an overall IT strategy for Tuhoe and its kura.

Waikato University has helped

Solar Tower @ Tawhiuau beams wireless broadband to Te Urewera.

develop the Tuhoe.com wireless network and last year TEA secured funding to help provide service to all 14 Tuhoe kura over time.

With three businesses already signed up, Tuhoe.com is in discussions with Environment Bay of Plenty and others developing a broadband strategy across the whole Bay of Plenty region.

“There are opportunities to work as a collective to get better broadband access.”

With plans to expand into Waimana next, Tuhoe.com already services Waiohau, Ruatahuna, Te Whaiti and Minginui.

Te Ahikaroa o Te Haukainga - Ruatoki Kaumatua Stories

Who better than ourselves to write
about our greatest treasures - our kuia
and koroua?

TEA has begun a research project to
help educate individuals, marae and
hapu about research.

The key goals are:

1. To grow our own community
researchers,

2. Honour our kaumatua
3. Develop educational resources for
our schools.

The next community researcher workshop
will be held in March. All marae have been
asked to select representatives to
take part at this workshop.

One of the project goals is to have at least
one researcher per marae.

Project facilitators, Hans Tiakiwai and
Ngawaiata Turnbull, can be contacted for
further information through the TEA office
or direct email to:

Te Whare Maire o Ngāi Tūhoe

Ko Te Rohe o Te Urewera te Whare Maire o Ngāi Tūhoe

Background

Te Whare Maire o Tuhoe will provide a lifelong education strategy for Ngāi Tuhoe. The Te Whare Maire strategy probes ahead to the year 3000, with an opportunity for Tuhoe to determine their own educational pathway.

'Being Tuhoe is what holds us together and we alone have the knowledge of ourselves through our reo, tikanga and history –that is our education.'

Tuhoe Education Authority founding trustee Tamati Kruger, further explains that:

'We cannot leave it to the primary and secondary schools alone to be responsible for Tuhoetanga.'

Project update

Over 138 Tuhoe, urban and rural, have been surveyed to date.

Survey feedback has painted a clearer picture of Te Whare Maire o Ngāi Tuhoe.

Some sample findings to date

100% agreed that a Whare Maire should be established

54% indicated the physical structure of TWMOT as marae based

19% see the infrastructure as culture, language & identity

92% said karakia was an important component of TWMOT

62% indicated traditional activities (whakairo, mau rakau, raranga etc) should be taught at TWMOT

Current

The Project Team is collecting evidence around marae and hapu capability to deliver Te Whare Maire. This includes a stock take of human resources, geographic locations, expertise in Tuhoe tikanga, and marae capability. The team is preparing a presentation to showcase Te Whare Maire at the upcoming Tuhoe Festival.

2006-7 Ruatoki Marae Touch — déjà vu finale to another great season

Ngahina Souljahz does it again taking out first place at this years Ruatoki Marae Touch Senior Finals.

Over 10 marae teams turned out for a scorcher day at the Taneatua fields bringing an end to the weekly Friday games being played over the summer months.

With a hair raising game against the Totara team, Hamua Maidens won the right to challenge for the first place title.

Meanwhile Ngahina progressed through the ranks taking out Otenuku, Ohotu and Te Urewera, finally earning a shot at competition leaders, Hamua Maidens, who managed

to put out a fiery challenge from the Waimana team.

Spectators couldn't help but comment on the déjà vu flashback to the Ngahina vs Hamua 05-06 final.

B Grade winners were Te Poho o Te Rangimonoa No1. who ended with a tie-breaker shoot out try against Otarahiioi in a tight final game.
